Heat Pump Packaged Units

13 SEER

Save Energy, Save Money*

Compared with older, less efficient equipment, these heat pump packaged units use less energy to maintain comfort throughout the home. With efficiency ratings of 13 SEER, these units help lower your monthly utility bills. These packaged units are also built for economical installation, and service doors provide easy access for maintenance and repairs.

Built To Last

Each unit is fully charged, run and tested for leaks at the factory to ensure faultless performance in your home. Every component is designed for durable, worry-free operation – from the industry standard controls to the heavy-duty scroll compressor. And the cabinet sheds water and locks out the weather in every season.

Unit Dimensions

Model Number	Width (Inches)	Depth (Inches)	Height (Inches)
2SH13B24	65-3/8	36-1/2	34-1/4
2SH13B30	65-3/8	36-1/2	34-1/4
2SH13B36	65-3/8	36-1/2	34-1/4
2SH13B42	75	46	38-1/4
2SH13B48	75	46	38-1/4
2SH13B60	75	46	38-1/4

Design Features

- 13 SEER
- 7.7 HSPF
- 2- to 5-ton cooling capacity
- 5-20 kw heating range kits available
- Quiet, efficient scroll compressor is safeguarded by internal pressure relief valves and inherent thermal protection
- 5-year limited warranty on compressor** and 10-year limited warranty on parts***
- Shipped for horizontal applications; easily converted to downshot on all models
- Single panel access to controls and auxiliary heat
- All models feature side-by-side horizontal duct connections to match existing ductwork
- High external static pressure (up to 0.8" w.c.) allowing flexible installation

* Actual cost savings may vary depending on personal lifestyle, system settings, equipment maintenance, local climate, actual construction, installation of equipment and duct system, hours of operation and local utility rates.

** Equipment with R22 refrigerant will receive a 5-year limited warranty on the compressor even if registered for the 10-year parts warranty.

*** Warranty provides for a total of 10 years of limited warranty coverage (Standard 5-year limited parts warranty plus an additional 5-year limited extended parts warranty). Warranty must be registered within 60 days to qualify for 10-year coverage. Unregistered equipment defaults to 5-year coverage. See full warranty at www.alliedair.com for terms, conditions and exclusions.
